The magnificent Hounds burst through the Homecoming sign hoping for a victory.

As these Juniors are sitting in their Advanced Biology class, some of them take time out to smile and wave at the photographer.

Being in the doghouse offers many exciting and moral rewards.

Seniors, Erica Smith and Lakeshia Sands explain all the rules of the high school to this lonely freshman.

As a new year rolls around, many new faces, as well as old ones, appear at this four year old building. The time has come for yet another group of wonderful seniors to leave JCHS. But these are special, for they are the first class to complete all four years at the new high school.

By six a.m. many feet hit the floor in homes all over Jones County. At 7:30, clothes are on and we are ready to leave home. When the 8:40 bell rings we are in the doghouse of excellence at JCHS.

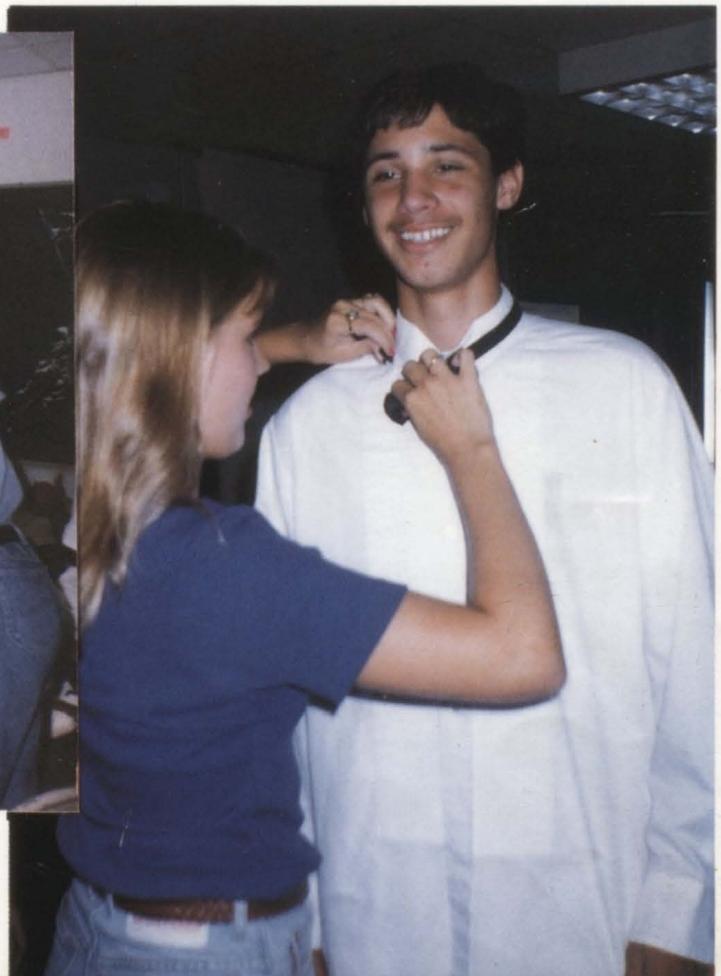

Jones County faculty and students believe strongly in excellence. We show our excellence through extracurricular activities, as well as academics. For example, the 1994-95 Academic Team outscored the opposing team by more than 200 points, while the varsity cheerleaders received a plaque of leadership, a trophy of excellence and other awards at summer camp.

Pride is a feeling instilled in the students of Jones County. You can see it in our smile and in the sparkle in our eyes. Pride and excellence are evident here in the doghouse at Jones County High School.

In pottery class, these girls are showing the boys how to roll clay smoothly into a ball.

Justin Maddox patiently waits while Leslie Mathews puts on his bow tie.

As Lynn Hopson is talking on the telephone, Calvin Hill poses for the camera.

Naomi Barfield desperately rushes through the crowd in order to make it to class on time.

Band members calmly wait to perform their show for the football players' cookout.

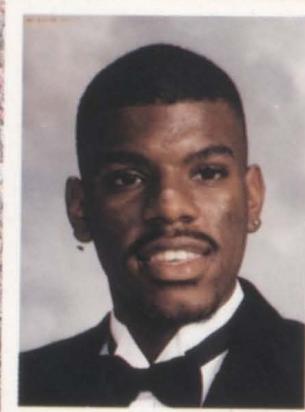

As Sean Treadwell and Tavaras McCarthy are sitting on the ground, a beautiful dog joins in on the fun.

Jones County Greyhound fans proudly sit still for the mighty greyhounds to race out onto the field.

At lunch, students discuss their plans for the weekend.

Mr. Skelo forgot to go home over the summer and these are the results.

MIRROR REFLECTIONS

Each year, the faculty, administration, and staff members honor Seniors in Mirror. These students are selected on the basis of scholarship, leadership, and service to Jones County High School. Their success, accomplishments, and continued efforts create a positive reflection on their community.

"Coach Dixon taught me, not only in sports but also in life, that if you want something bad enough you can get it. I just want to say thanks, I love ya', and I'll miss you." — Emmalee Bragg

"I will always remember the bond that my group, NXS, made through the years. Our friendship will withstand the sands of time. Nanika, Sedrick, and new members Tamika and Alonzo, I won't forget you guys." — Xavier Davis

"Freedom is a road seldom traveled by the multitude." — Joey Greene

"When I was nervous about entering JCHS, my tennis partner and good friend, Randy King, told me he would 'Show me around.' Through the love and support of Mr. and Mrs. 'Buddy' King, Randy continues to 'Show me around'." — Chuck Harfield

"The past four years here at JCHS have been the best years of my life. I would like to thank all the teachers and administrators for helping me. Good Luck Lady Hounds!" — Dixie Johnson

"I remember in 1992 hanging around my older brother Chris and his senior friends. I also remember going to Mrs. Middlebrooks, and Mrs. M. Stewart for help in my math classes. And doing things and meeting people while in FBLA." — VaShon Mercer

"Thanks be to band, drama, and trigonometry. To band for teaching me friendship and tolerance; to drama for teaching me hard work and fun; to trig for teaching me humility." — Allison Moon

"I would like to thank God, my parents and teachers for supporting me throughout my school years. And to all my friends: Never forget the many good times that we've shared!" — Damon Redding

"The things I will remember most about Jones County will be the friendships I have gained. Without my friends I don't know where I would be. I will miss them; but remember them always!" — Kate Scoville

"So many people have helped my during high school. To pick one person would be too tough. I would have to say Mr. and Mrs. Smith have been very special to me during high school." — Kenny Sumner

"One of the most valuable lessons I've learned at JCHS came from Mrs. Sanders. She not only taught me to relax about my grades, but not to worry so much about perfecting the trivial aspects of my life." — Whitney Wells

"First, I give thanks to my parents for all their support throughout school. I would like to say Thank You to all the teachers and I'll miss the JCHS life. But most of all I will miss all the good times I had with all of my friends. I'll miss ya'll." — Felicia Byron

"Over the past years Coach DeLucco has always lifted my spirits and made me laugh. On his good days and bad days he has always had a nice thing to say to me, every time I see him. Thanks Coach you're 'Awesome'!" — Brooke Ellspermann

"I would like to give a special thanks to Mrs. Middlebrooks, who had faith in me. Also a special thanks to Mrs. Smith, Mr. Smith, Coach Brock and Coach Dixon." — Valvin Hambrick

"This school and all of its wonderful memories will not soon be forgotten. In these halls I was encouraged to develop my sense of self-reliance and self-worth. It is to the teachers and administrators that I credit most of my success. Thank you." — Chad Howe

"I have sincerely enjoyed these four years at JCHS. The atmosphere is that of learning but at the same time you can hang with your friends. You can get as much as you want from here." — Timothy Marlowe

"Thanks to the teachers who were able to withstand my torrent of questions, and eager to challenge them with their own. Remember this, never be satisfied with anything less than your very best." — Kristin Miller

"When I first came to Jones County high School I was very nervous because everyone was so much taller and older than I was." — Paris Patterson

"My special memories at Jones County High School are the moments I have shared with my best friend Lanita Houston and the rest of my buddies at lunch. I would like to thank all of my teachers and my parents for their love and support." — Nadia Ryder

"My fondest memories are of the great times I had in drama. The friends I made and the experiences I had will last forever. Ms. Scamihorn has been a great inspiration in my life." — Erin Stevenson

"In the spring of my freshman year, I was cast as the Slapper, Flirt Conroy, in *The Dark at the Top of the Stairs*. For the part, I curled and teased my hair. Everyone assumed it was a wig. I had fun trying to convince Mrs. Middlebrooks that it was my real hair!" — Dawn Tomlinson

Underclassmen

It's not easy being A HOUND PUPPY

Being an underclassman at Jones County High is not an easy task for most students. Putting up with Seniors and raising money for their class, the underclassmen work hard to excel in all that they do.

Football player Tommy Gise takes time out for a masculine pose before going to class.

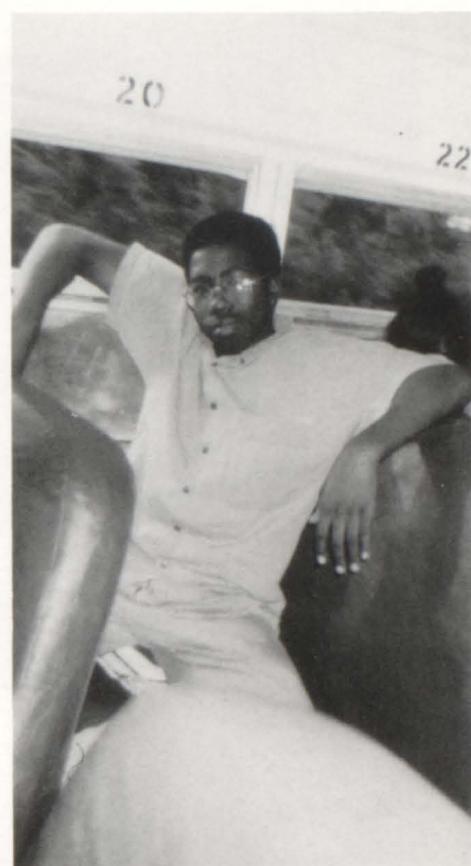

Larry sellers walks confidently to his next class.

Junior Shantel Rawlings takes a needed break from flag corps practice.

This group of underclassmen is working hard in Mrs. Simpson's Biology class.

Chad Everett relaxes on his way home from school.

Wil Mitcham gets some grub before going to the disco.

Elizabeth Self and Jennifer Aultman stop and "give their all" to the camera.

The Time Is

The time is almost here for the Class of 1996 to take their place as the TOP DOGS. This year was filled with fundraisers to raise money for the Junior/Senior Prom. From Bar-B-Q dinners to the Seniors v. faculty Basketball game this class has worked very hard. Soon all the hard work will pay off and they will rise to be SENIORS.

A DAY IN THE LIFE Of A Junior

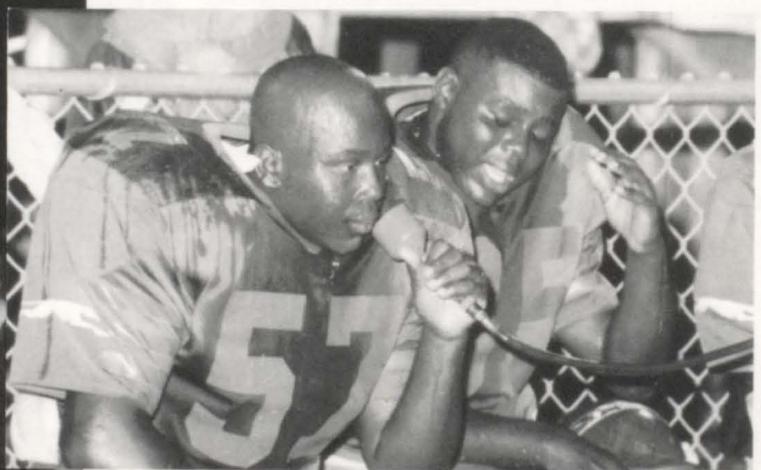

Being a Junior is exciting and stressful. Stressful because of the graduation test that I have to take to graduate. Exciting because of the events to come and all I've been through.

Knowing all that I have gone through to get here makes it all worth while. My freshmen and sophomore years were anything but boring. But now that they are gone, I'm a JUNIOR!

It's a little scary, knowing next year I'll be a Senior — though exciting at the same time. I remember when someone told me a long time ago to keep my grades up because it will help me in the long run. I'm now beginning to realize that the long run isn't so long anymore. The graduation test must be passed and the grades have to be up to get into college.

But through all the pressures of Juniorhood, one thing still remains: I'm not a SENIOR yet!!!

A Journey

At the beginning of the year things seem to be a little different and also a bit difficult. It seems as though the time is forever and a day you have to wait, but, after several weeks the journey only seems that it will end days too soon. When your journey has been completed, you look back at a tedious but worthwhile trip. then we shall rise to be JUNIORS!

A Day in the Life Of A Sophomore

If I had to sum my feelings about being a sophomore, it would have to be, I'm too old for a bicycle and too young for a driver's license. You know, it's kind of like being stuck in the middle and trying to figure out what's really going on at this point in our lives. Remember last year, when we were freshmen? There were some anxieties about the new world of high school. We knew where we were, or at least thought we did! Juniors are totally preoccupied with passing the *exit exam* and becoming seniors. Seniors are about to take bold new steps into the world of colleges, vocational schools or careers. Of course they know where they are!

Perhaps our sophomore year is a time to do some serious planning for the future, a time to pull those grade point averages up. It's a wonderful time in that all of us can go to college if we want, just by maintaining a B average. It's a time to demonstrate that we are responsible students to our families, our schools, our communities and those underclassmen who look to us as role models. It's also a time to take that moment of silence seriously, by giving thanks looking for guidance, and doing the right thing.

A Day in the Life

Of A Freshman !

"What does it feel like to be a freshman?"

Well, to answer this question, I have two choices. First I could say that it is all rosy being a freshman, "a nerd", "the low stone on the totem pole, the bottom of the barrel, or even dare to say a geek!" But as you might have guessed, that wouldn't be the truth. Or Second, I could go through the agonizing story of the three R's - Reality, Responsibility, and Tardy Hall.

First reality. Being a new student at a familiar high school with older brothers and sisters you used to know and being a new student at a strange school with new faces is nothing alike. Now I know that a new school and new faces has to be better. In high school it seem that all of your older friends ignore you and are kind of hesitant to talk to you in the halls. (I guess as you get older the mind is the first thing to go.) As a freshman reality is a person for the rules, rudeness, and more rules for being in high school.

Next Responsibility. Being responsible isn't something that falls from the sky on a rainy day. In my opinion responsibility has no definition meaning that you can't hear it one time and say - "I AM RESPONSIBLE". Being responsible must be taught through experience. Something that will happen often in your high school years.

The last R is Tardy Hall. Tardy Hall does not begin with an r but by and by it is still a part of being a freshman. Since forms of punishment or inevitable in high school, you even get punished for being a fraction of a second late. This is no surprise to sophomores, juniors and Seniors.

To the Freshmen "International Trimmell Time" catches everyone in a bind sooner or later. So the next time you get caught in the hall and hear a bell, hold you head high because you're one step closer to being a true Freshman!

Now don't get me wrong. These are by far all of the agonizing parts of being a freshman. But like they say the good come along with the bad in the game of life. So to define Freshmen - it would be the "The scientific study of the inefficient dislocation of scarce pressure among unlimited HOMEWORK!!"

The Faculty serves as THE HOUND PATROL

When the catcher's away THE DOGS WILL PLAY

After a tedious day at obedience school, the Greyhounds like to take time out to play. From dressing up during spirit week to cheering at the Friday night games, the Hounds are always the TOP DOGS!

The Senior class used this sign in their hall to display their motto during spirit week.

Nadia Dumas sits all alone waiting for that special someone.

Mark Cannon shows his Greyhound spirit by dressing in this spunky outfit.

This group of cheerleaders show their smiles before a hard day's work.

Chad Howe is "grooving" in his '70's get-up.

Senior Terry Jackson struts his stuff in his dapper suit.

"Make Love Not War" is the motto for this group of hippies.

Each year, the tenth grade Honors Biology class goes to the Skidaway Institute of Oceanography.

This is a research facility located on Skidaway Island near Savannah, Georgia. Students who attend participate in many educational programs such as traveling on intercoastal highways, dock and plankton labs, and other programs that explore the ecological importance of our coastal regions.

The Honors Biology class poses for the traditional group picture at Skidaway.

Richie Jones and Jessica Hunt are in the lab taking a close look at the plankton coming toward the light.

Mrs. Simpson and this group of sophomores head toward the dock.

It's Time To Go

To The Dog Races

The Greyhounds like to stay active with athletics. From football to baseball, the Hounds always excel their performance. The Hounds participate in sports such as tennis, basketball, and also in other activities such as the band.

Valvin Hambrick rushes up the middle for another touchdown play.

Senior Nadia Ryder looks anxiously for her chance to make another two points.

Majorette Maralon Everett shows that being captain is not as easy as it seems.

Coach Delucco looks intensely at another winning play for the Hounds.

Junior Leitra Young is all tired out from trying her best for the Lady Hounds.

Flag Corps Co-Captain Shondonette Pitts flashes a big smile and wave for the camera.

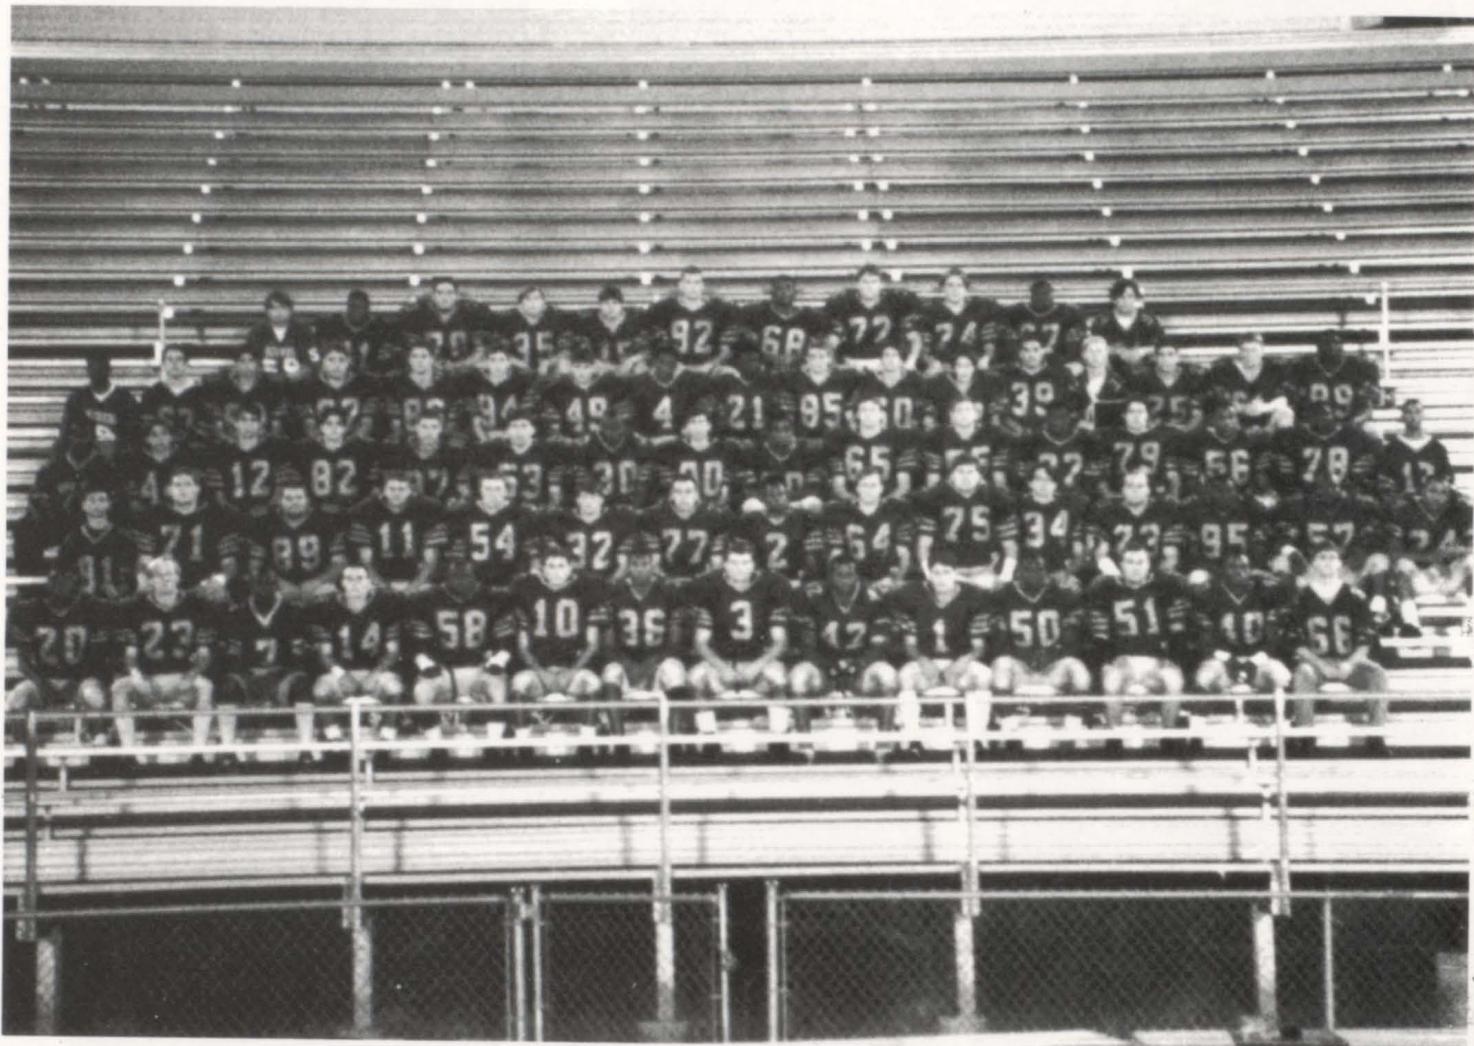

The Hounds huddle once again to try for seven more points.

VARSITY FOOTBALL

For many years, the Greyhound football team has accomplished numerous goals, but never before has this group of young men taken on the challenge of a sudden change of the head coach. Under the leadership of Coach Smith, the team pressed forward to many victories, both on and off the field. The biggest victory for the team was the pride and confidence shared among team members. They will forever remember the famous words of Coach Smith, "If you do, you will, but if you don't, you won't."

Greg Tyson tees off for another field goal.

The offensive line takes a break while the defense keeps the other team from scoring.

Senior Phillip Mitchell talks to offensive coordinator Coach Brock before returning to the field.

Quarterback, Jason Maddox, avoids a tackle before throwing to a receiver.

Valvin Hambrick, tailback, sprints away from the defense while running for a first down.

Defensive lineman Correll Ford leads the charge on a goal line stand.

VARSITY CHEERLEADERS

The 1994 varsity football cheerleaders are fifteen voices strong. This year, Mrs. Middlebrooks decided it was time to change cheerleading camps, so the cheerleaders attended the Universal Cheerleading Association camp instead of their usual National Cheerleading Association camp. The cheerleaders won many awards, including the Leadership Plaque. Tasha Jarrell won the squad a trophy at the dance off, and all the cheerleaders received many ribbons for excellence and superior ratings, which are the highest awards. To top it off, the cheerleaders brought home the Spirit Stick. The cheerleaders have practiced very hard to entertain the fans at the Friday night football games.

JV Football

As underclassmen the junior varsity football team worked hard and strived for the top. Within the years to come they all plan to improve. Their potential will be shown and memories will be made as dreams come true.

The players kneel as they receive a lesson about the previous game.

J. V. Football Cheerleaders

The J.V. Football Cheerleaders were made up of mostly freshmen. These girls were cheerful, high spirited, and very loud. They were a dedicated squad and are sure to be the same when they move up to the varsity level.

The Greyhounds line up and prepare to score a touchdown.

Majorettes

From year to year things always change but for the past three years one thing has remained the same. These majorettes have given the Jones County crowd shows that they will remember. They have worked hard and have accomplished many goals. These three ladies will be hard to replace.

Left to Right: Molly Bishop, Captain Maralon Everett, Michele Manderson

Michele, Maralon, and Molly take time out before the homecoming parade to smile for the camera.

Before the pep rally the majorettes gather on the black top to show off what they think are 'sexy legs.'

DRILL TEAM

The Drill Team is always ready to dance. Whether it's a pep rally, football game, or parade, their enthusiasm never seems to die down. Captain Ginger Rutherford and Co-Captain Tracey Cobb have worked hard with the Drill Team this year to get ready to dazzle the Greyhound fans. We wish the Drill Team much success in the future.

FLAG CORPS

This year's Flag Corps is dynamite. They attended camp at Georgia College and learned many fascinating routines. The Flag Corps practiced many long hours in the hot steaming sun in order to be ready for the halftime shows. They went to a festival in Hawkinsville and won a superior trophy. Under the leadership of Lanita Houston, their captain, the Flag Corps has been very sharp and hard working. Two co-captains, Paris Patterson and Shondonette Pitts, have also worked tremendously hard to obtain their titles.

VARSITY SOFTBALL

Falling short of a state title, the varsity softball team pressed on to complete yet another winning season with a 13-8 record. Although the season didn't turn out as well as planned, the team members feel as if they have captured many skills that are not only applied on the playing field, but also in the game of life. The biggest lesson of all is that in order to succeed, you must have the "Heart of a Winner."

Boys Cross Country

The men and women of Cross-Country Team put in many long and hard hours of practice. It payed off as the girls won every meet, but one. The boys also had a great season. Varsity Boys Basketball

The boys basketball team overcame plenty of criticism this past year. Many said that they were too small to be a good team, but through hard work and determination they proved many people wrong. Having a 7-0 season going into the Christmas Tournament, Jones County began to get more recognition and praise. This season taught the team that hard work really pays off and having character enables them to become better men.

Top Row — Coach Veal, William Whiddon, Scott Rooks, Tim Page, Greg Dumas, Charles Scott — Manager, Coach Gibson. Middle Row — Terrence Tarver, Rondell Rockmore, Ray Patrick, James Harvey, Terry Odom. Bottom Row — Tommy Gise, Lance Pittman, Rico Washington, Brian Skinner, Walter Axom

Walter Axom awaits anxiously for the rebound.

While drawing up another play, Coach Gibson urges his team to play hard.

Varsity Girls Basketball

To play on the varsity basketball team takes a lot of hard work and dedication. There are long practices, scrimmaging, and lots of running to get in great condition. All of these ladies give their best and success is always accomplished. They, along with headcoach Carl Dixon, are striving for a winning season and a region championship this year.

Varsity Cheerleaders

Although the varsity basketball cheerleading squad wasn't as large as the football squad, they were still as loud and enthused. They practiced very hard during the week in order to cheer at Tuesday, Friday, and Saturday night basketball games. With new uniforms and pompoms the cheerleaders take much pride in JCHS.

Varsity Baseball

The Varsity Baseball team, coached by Barry Veal, is expected to have a good season this year. Congratulations
Class of 1995

A salute goes out to the 1994-95 Growl Staff for making "In the Doghouse" the best yet!

I think these proofs are perfect.

As Xavier has typed his final page, he turns the typewriter off in relief.

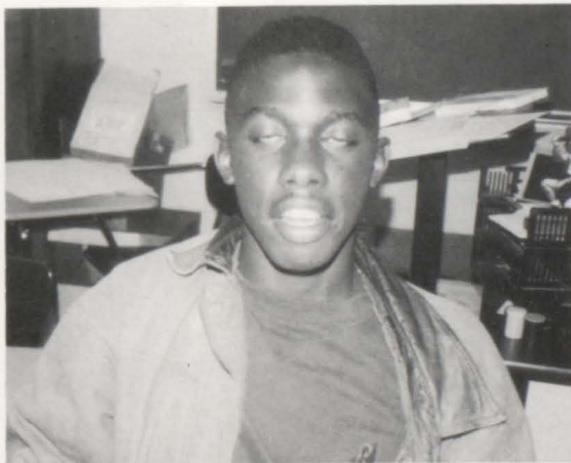

"Chan, is yearbook that bad?"

Will someone please find me a cropper?"

"What was that Sed, you need a break?"

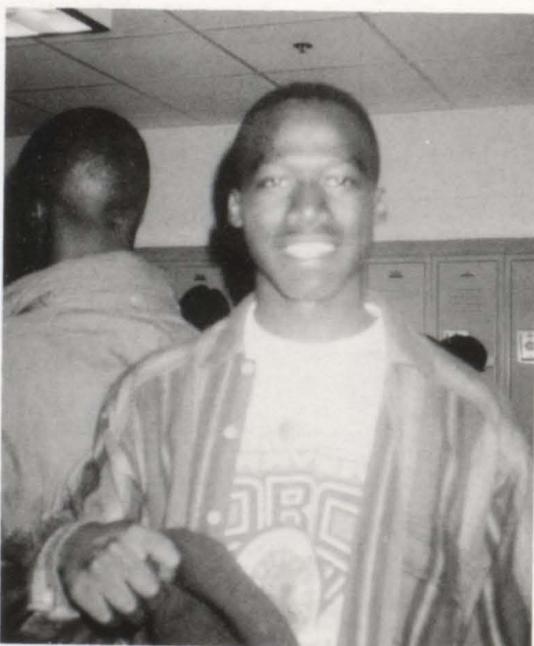

"Wow! Am I glad I've finished my last page!"

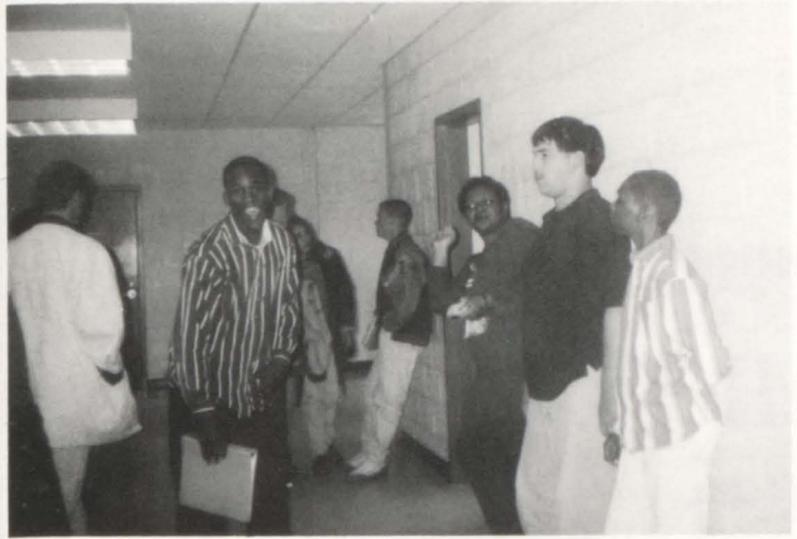

A Job Well Done! Congratulations Staff 94-95, we did it with much success.

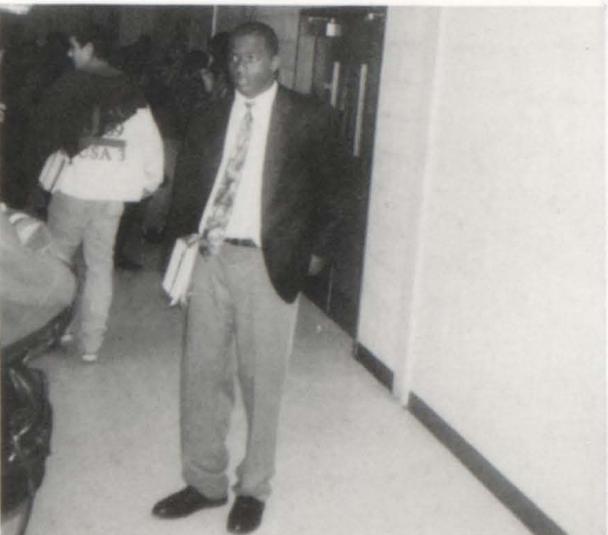

For the few memories left "In the Doghouse" . . .

From rainy football Friday nights to the happy days in the hall with a group of friends, there were many great laughs at Jones County. But the time has come for many of us to say farewell. To others it means to be careful over the summer and to hopefully see them next school year. It is a sad, but rejoicing time as to see yet another group of wonderful Seniors go off into a world of their own. Many will go to college, join the armed forces or even get married, but they will never forget the great times they had "In the Doghouse" at JCHS. So, for the friendships that were created today, there will be memories that shall grow stronger tomorrow. For the underclassmen, always look towards the future and never dwell on the past. Just remember always strive for the top and you will succeed.

During break Douglas Byron is telling Ms. Johnson, Alex Landon, and Reginald Tooley a very funny joke.

What's wrong Timothy Marlowe, can't find your wallet?

Even though it was raining Mrs. Newberry still supported the Hounds 100%.

Kedrick says she's proud to be a student of the exciting "Dog-house."

As Pharis is leaving at the 2:09 bell, he is caught by the camera.

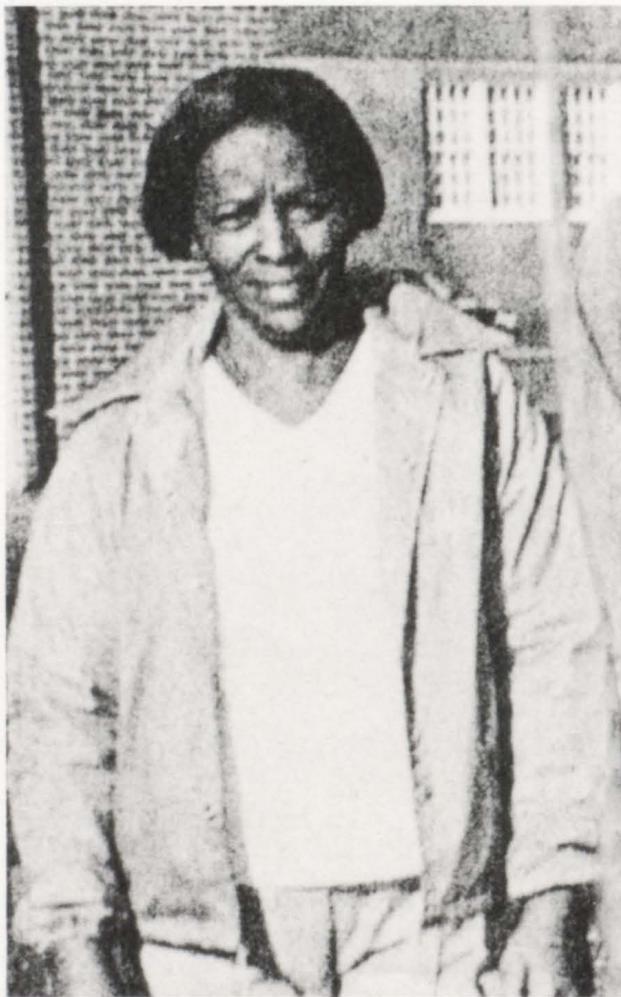

After school Recarlos Daniels shows his pretty legs.

In Memory of

Mrs. Walker has worked for the Jones County Board of Education for 24 years. She was a very hard and dedicated worker. Mrs. Walker will be dearly missed by her co-workers and the students at JCHS.

Editor's Signoff

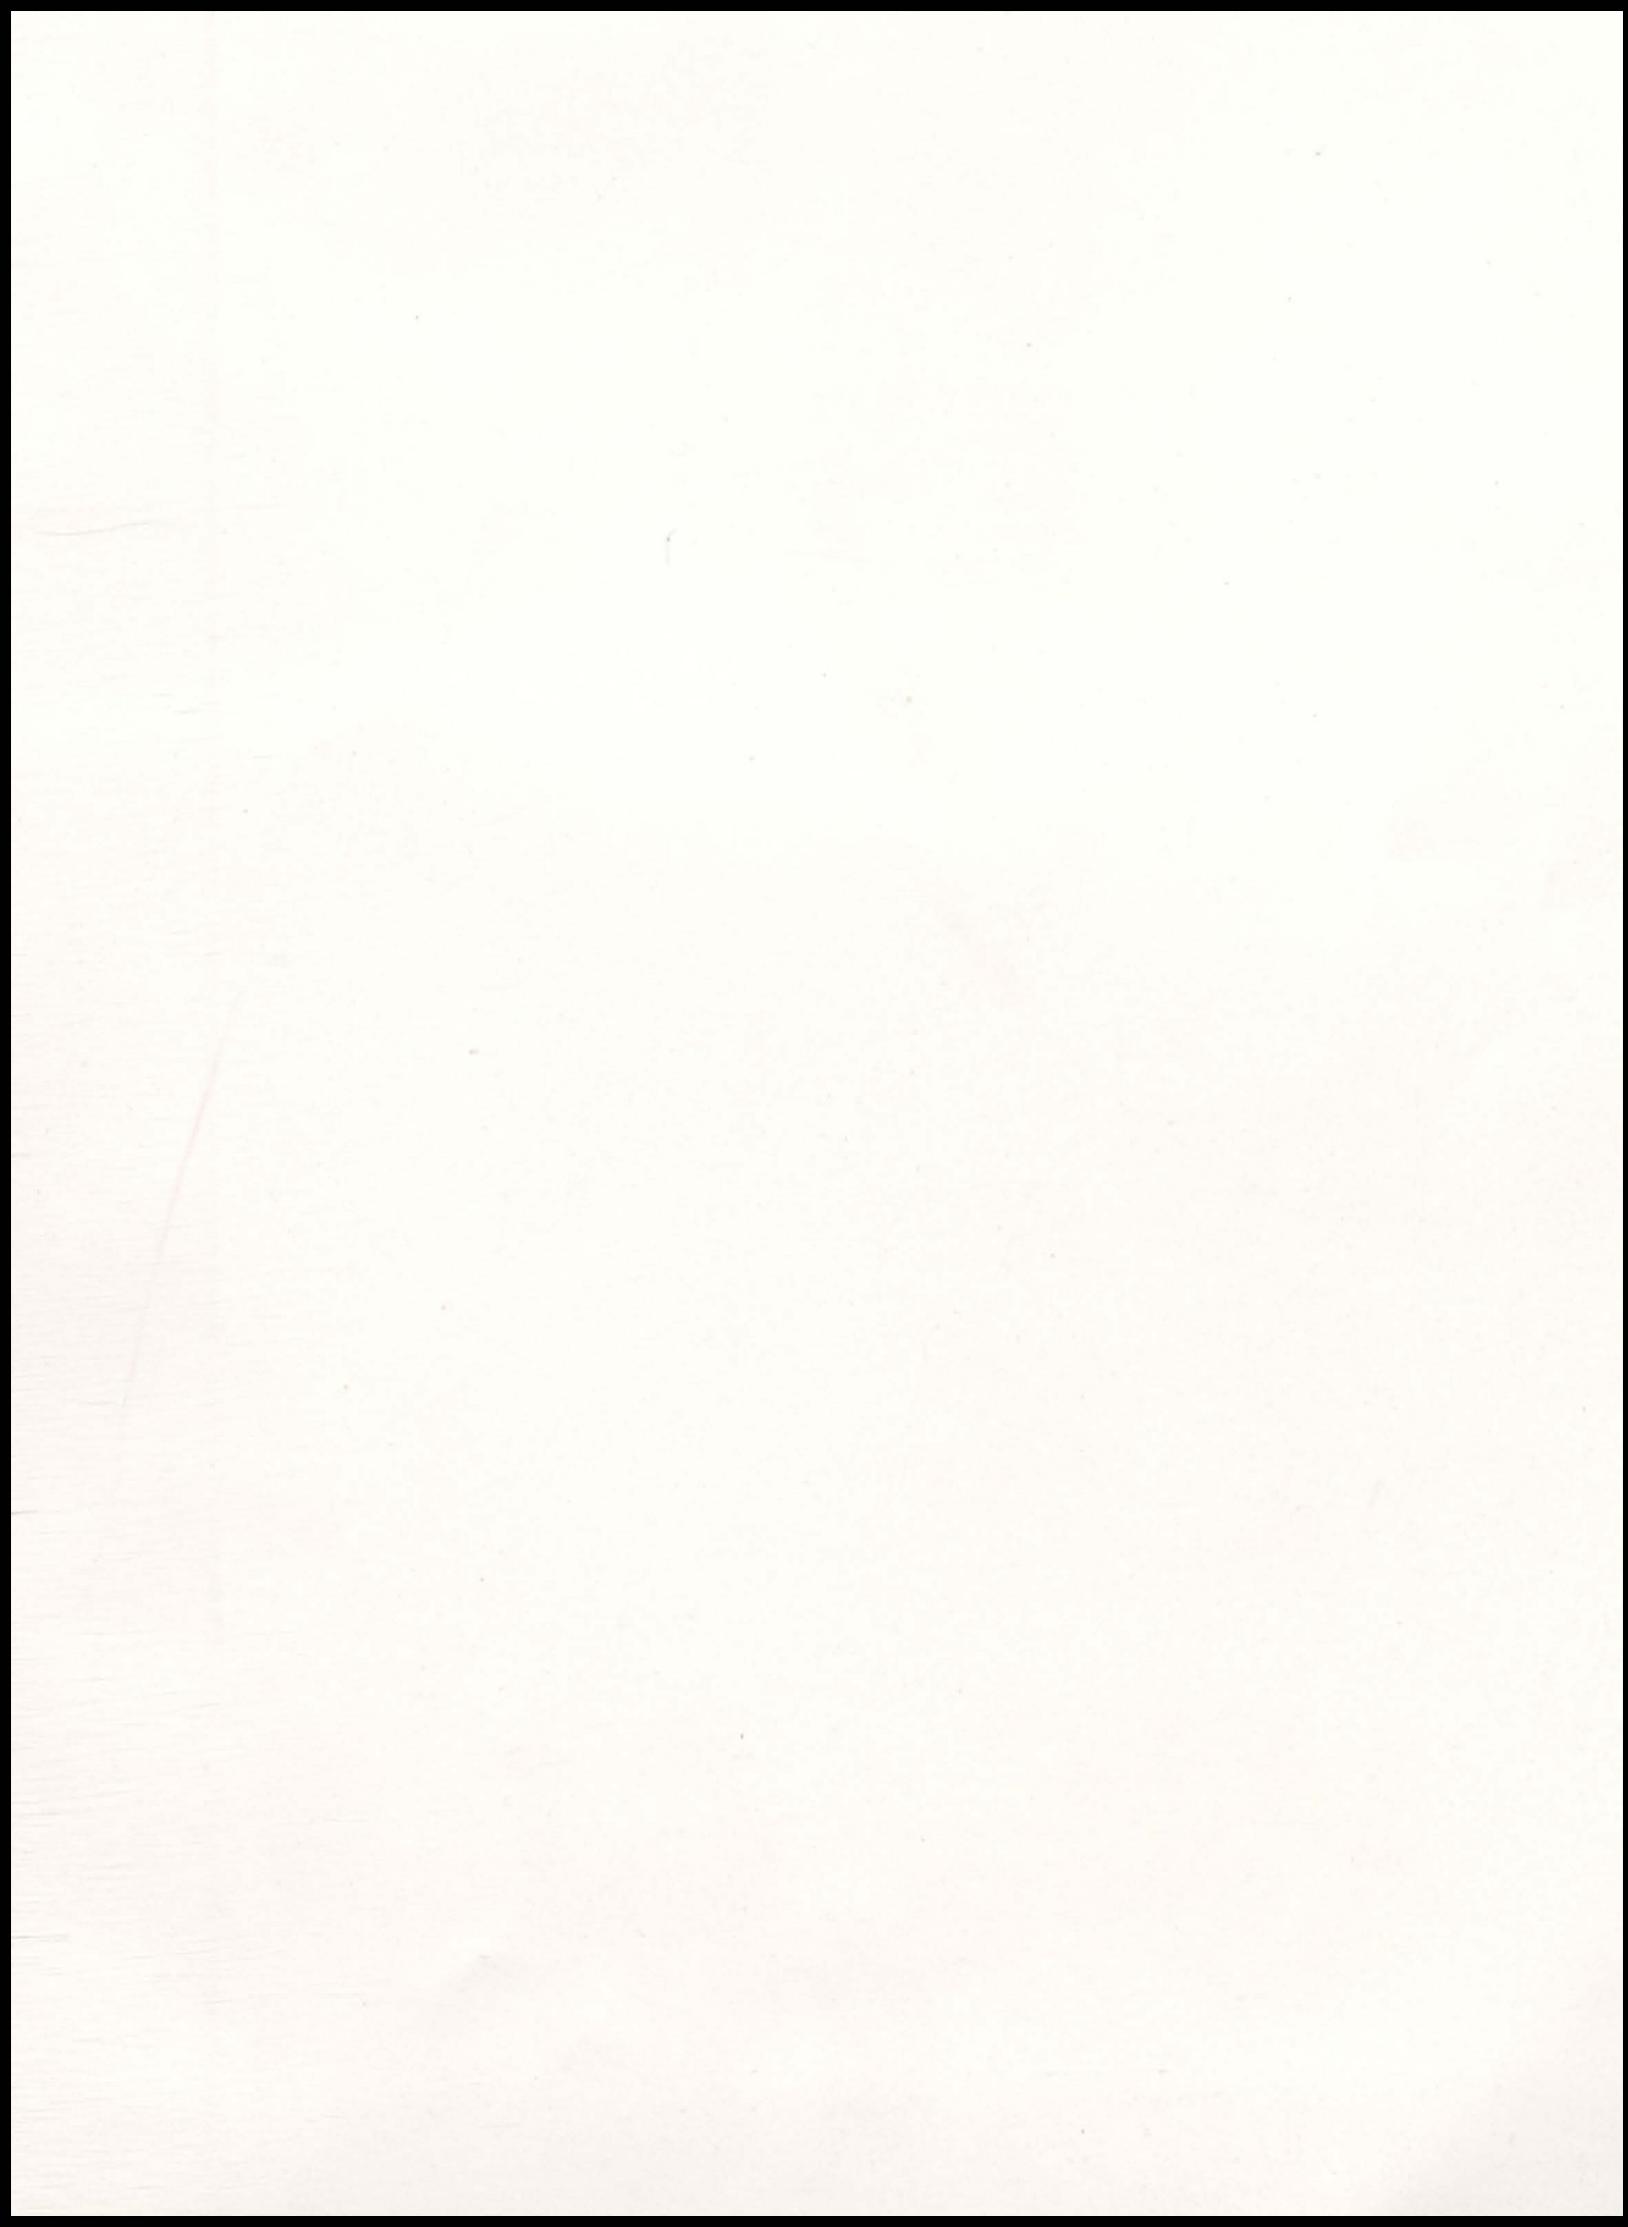

First, I would like to give thanks to the '95 Growl staff, because without their help, the book would not be so wonderful. I will always treasure working with the 1995 Growl staff. Although at times, we had our differences, we always worked things out. I would also like to thank Mrs. M. Stewart for all her hard, dedicated work during her first year as yearbook advisor.

As I leave the "Doghouse," I will always carry with me the good and bad, happy and sad memories that have been engraved in me these past years. Together, we have made the 1995 Growl one of the most read, famous and interesting history books at JCHS. As for the remaining staff, I will never forget the enchanting moments we shared working on the Growl. For the rest of the student body, just remember that we had a lot of fun "IN THE DOGHOUSE."
